

Short model

Product description

The concealed cable transition enables supply cables to be fed from the door frame to the door leaf safely and securely. Due to its concealed fitting in the door rebate, the supply cable is not accessible when the door is closed and is thus secure agains

Scope of delivery

- 1 cable transition

Note

- Short model

Accessories/Individual parts

- Mounting set model 10313-24 Timber construction mounting set for lead covers with installation casing 10313-24-----00

Technical data

Version	Installation casing on one side
Material spiral hose	Stainless steel
Material spiral hose	Stainless steel
Max. cable diameter	7 mm
Max. permissible horizontal rotation	100 mm
Length	330 mm
Width	24 mm
Depth	17 mm
Area of application	Installation system for wood, metal and uPVC profiles

Article number	10312-14-----00
