

Long version

## **Product description**

Lead Cover for concealed fitting

For feeding cable with integrated cable tracking and installation casing on both sides.

Installation system for minimal room dimensions and unobstructed movement. This system is particularly suitable for door systems with reduced spacing for hinges and inside hinges.

The advantage of this fitting type is being able to position the door nearly flush with the frame (<1 mm reveal when door is closed). Minimal gaps for door rotation, as with inside hinges, for instance, do not result in the door jamming.

## **Scope of delivery**

• Lead cover

## Note

Long version

## **Technical data**

Version	Cable routing
Version	Beidseitige Einbauwanne
Material spiral hose	Stainless steel
Material spiral hose	Stainless steel
Max. cable diameter	7 mm
Max. permissible horizontal rotation	200 mm
Length	519 mm / 110 mm
Length	24 mm / 16 mm
Length	18 mm / 32 mm
